

## DEAR EDUCATOR AND VOLUNTEER,

As you implement *JA Career Exploration Fair*®, we want you to be aware of the self-guided, on-demand digital resources available on JA Connect® to enhance and extend student learning. These bite-size learning activities average 5–10 minutes in length, are highly interactive, and are accessible via computer or mobile device at <https://connect.ja.org/work-career-readiness>. They may be used:

- As pre-program activities to help jump-start conversation.
- To practice concepts during your JA class sessions.
- As a follow-up for extended learning/practice.

All entry-level resources are available to any user. Intermediate and advanced resources require login (users can access with existing JA login or may self-register). Select the thumbnail image to go directly to the resource.

New resources are added frequently, so check back often. Examples of resources that align with *JA Career Exploration Fair* include the following:

Work and Career Readiness
